## Disclaimer

A Sub-Fund which adopts a direct replication investment strategy may display a greater tracking error due to various factors such as fees and expenses, concentration limits and liquidity of the index constituents.

A Sub-Fund which adopts a direct replication investment strategy may engage in securities lending transactions. An insolvency or default by a counterparty, or if the collateral received is realised at a value lower than the value of the securities lent, may result in a reduction in the value of the Sub-Fund.

Both the management company and the securities lending agent of the Sub-Funds belong to DB Group. This may give rise to potential conflicts of interest.

Investment involves risks. Past performance is not indicative of future results. The above information is for general reference only. Before making any investment decision, investors should understand the details of the investment and to consult an independent financial adviser.
