Re: Changes to the Prospectus

Dear Shareholder,

The board of directors of DB Platinum Advisors acting in its capacity as management company of db x-trackers II has decided to amend the notification procedure regarding technical adjustments necessary for the good maintenance of underlying indices, with effect on 12 December 2010.

As a consequence, the following paragraph will be inserted in the Prospectus, in the product annex of any Sub-Fund which wholly or partially references an index (the "**Index**"):

Shareholders' attention is drawn to the fact that the Index Sponsor may make changes to the Index description with a view to dealing with technical adjustments necessary for the good maintenance of the Index. To the extent that those changes do not affect the nature of the Index and are not expected to have any adverse impact on the performance of the Index, the Shareholders will not be notified otherwise than through the website <http://www.etf.db.com> or any successor thereto. The Shareholders are consequently invited to consult this website on a regular basis."

Further information can be obtained from State Street Bank Luxembourg S.A. acting in its capacity as administrative agent of the Company (Tel.: +352 4640 10 894, fax: +352 4702 04, attn. Florence Alexandre).

Yours sincerely,

db x-trackers II

The Board of Directors
