performance of the index. **CONFLICTS OF INTEREST RISK:** DWS entities and related companies may act in several roles in relation to the fund such as distributor and management company which may involve conflicts of interest. **NO GUARANTEE RISK:** The value of your investment may go down as well as up. **SHARES RISK:** The value of an investment in shares will depend on a number of factors including, but not limited to, market and economic conditions, sector, geographical region and political events. **CONCENTRATION RISK:** The fund has a focus on a single or narrow range of industry, sector or types of companies and performance may not reflect a rise in broader markets. **DERIVATIVES RISK:** The fund may use derivatives for investment purposes and to try to manage its investments more efficiently. They may not always be successful and may result in greater fluctuations in the value of the fund. This may negatively affect the value of the fund and your investments.
