What were the Fund costs for the reporting period?

(Based on a hypothetical \$10,000 investment)

Fund	Costs of a \$10,000 investment	Costs paid as a percentage of a \$10,000 investment
XAIX	\$32 ^(a)	0.35% ^(b)

^(a) Based on the period August 2, 2024 (commencement of operations) through May 31, 2025. Expenses would have been higher if the Fund had been in existence for the full reporting period.

^(b) Annualized.

Gross expense ratio as of the latest prospectus: 0.35%. See prospectus for any contractual or voluntary waivers; without a waiver, costs would have been higher.

How did the fund perform last year and what affected its performance?

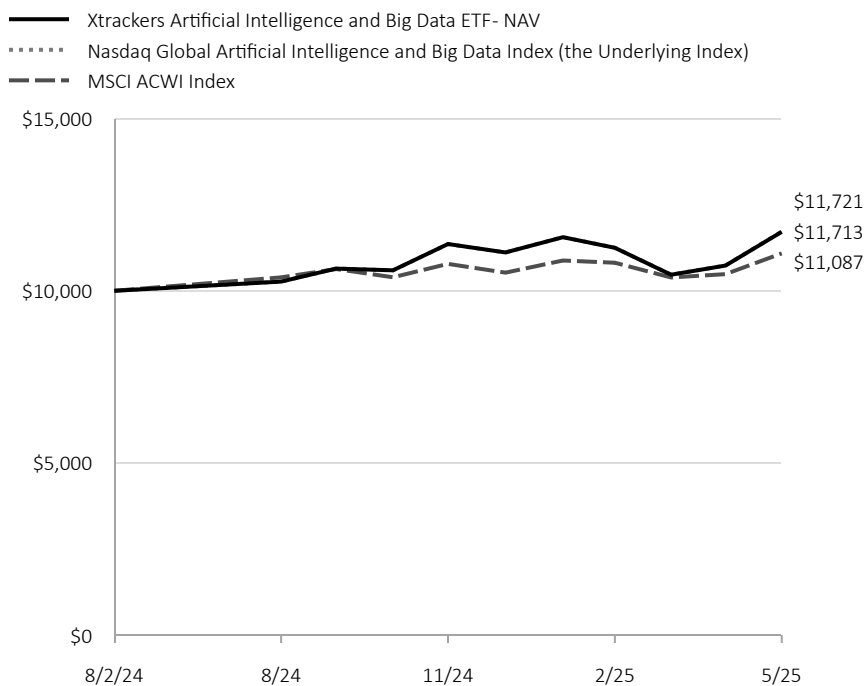

The fund seeks investment results that correspond generally to the performance, before fees and expenses, of the Nasdaq Global Artificial Intelligence and Big Data Index (the Underlying Index). The Underlying Index is designed to track the performance of a selection of companies from global developed and emerging markets engaged in the following themes and sub-themes, each as defined by Nasdaq, Inc. ("Nasdaq" or "Index Provider").

The Fund returned 17.13% for the period ended May 31, 2025. The Fund's underlying index returned 17.21% and the Fund's broad-based index the MSCI ACWI Index returned 10.87% during the same period.

All sectors contributed positively to performance during the period with the greatest contribution coming from Information Technology, Communication Services and Consumer Discretionary. From a geographical perspective, the United States, Germany and Japan were the major positive contributors, while Korea was the only that contributed negatively to performance.

Fund Performance

Cumulative Growth of an Assumed \$10,000 Investment

Nasdaq Global Artificial Intelligence and Big Data Index is designed to track the performance of a selection of companies engaged in the sub themes of deep learning, image recognition, natural language processing, speech recognition & chatbots, big data, cloud computing and cybersecurity.

MSCI ACWI Index captures large and mid-cap representation across Developed Markets and Emerging Markets countries. The index covers approximately 85% of the global investable equity opportunity set.

MSCI ACWI Index is a required broad-based index that represents the Fund's overall equity market.

Performance shown is historical. The Fund's past performance is not a good predictor or guarantee of the Fund's future performance. Investment returns and principal value of an investment will fluctuate so that an investor's shares, when redeemed, may be worth more or less than their original cost. Current performance may be lower or higher than the performance data quoted. The performance graph and returns table do not reflect the deduction of taxes that a shareholder would pay on Fund distributions or the sale of Fund shares. Shares are bought and sold at market price (closing price) not net asset value (NAV) and are not individually redeemed from the Fund. Householding

Householding is an option available to certain fund investors. Householding is a method of delivery, based on the preference of the individual investor, in which a single copy of certain shareholder documents can be delivered to investors who share the same address, even if their accounts are registered under different names. Please contact your broker-dealer if you are interested in enrolling in householding and receiving a single copy of prospectuses and other shareholder documents, or if you are currently enrolled in householding and wish to change your householding status.

Companies involved in artificial intelligence and big data face intense competition, may have limited product lines, markets, financial resources and personnel. Artificial intelligence and big data companies are also subject to risks of new technologies and are heavily dependent on patents and intellectual property rights and the products of these companies may face obsolescence due to rapid technological developments. Incorporation of ESG criteria in the Fund's investment strategy does not guarantee a return or protect against a loss, limits the types and number of investment opportunities available to the Fund and, as a result, the Fund may underperform other funds that do not have an ESG focus. This Fund is non-diversified and can take larger positions in fewer issues, increasing its potential risk. An investment in this Fund should be considered only as a supplement to a complete investment program for those investors willing to accept the risks associated with the Fund. Please read the prospectus for more information.

This report must be preceded or accompanied by a prospectus. We advise you to consider the Fund's investment objectives, risk factors, and charges and expenses carefully before investing. The prospectus contains this and other important information about the Fund, which can be requested by calling (844) 851-4255, or visit dws.com/etfreports to view or download a prospectus. Please read the prospectus carefully before you invest.
