This additional information is also available free of charge by contacting us at (844) 851-4255.

Householding

Householding is an option available to certain fund investors. Householding is a method of delivery, based on the preference of the individual investor, in which a single copy of certain shareholder documents can be delivered to investors who share the same address, even if their accounts are registered under different names. Please contact your broker-dealer if you are interested in enrolling in householding and receiving a single copy of prospectuses and other shareholder documents, or if you are currently enrolled in householding and wish to change your householding status.

Investing involves risk, including the possible loss of principal. Incorporation of environmental, social and governance (ESG) criteria in the Fund's investment strategy does not guarantee a return or protect against a loss, limits the types and number of investment opportunities available to the Fund and, as a result, the Fund may underperform other funds that do not have an ESG focus. Stocks may decline in value. Stocks of medium-sized companies involve greater risk than securities of larger, more-established companies. Funds investing in a single industry, country or in a limited geographic region generally are more volatile than more diversified funds. Performance of the Fund may diverge from that of the Underlying Index due to operating expenses, transaction costs, cash flows, use of sampling strategies or operational inefficiencies. This fund is non-diversified and can take larger positions in fewer issues, increasing its potential risk. An investment in this fund should be considered only as a supplement to a complete investment program for those investors willing to accept the risks associated with the Fund. Please read the prospectus for more information.

This report must be preceded or accompanied by a prospectus. We advise you to consider the Fund's investment objectives, risk factors, and charges and expenses carefully before investing. The prospectus contains this and other important information about the Fund, which can be requested by calling (844) 851-4255, or visit dws.com/etfreports to view or download a prospectus. Please read the prospectus carefully before you invest.
