(the “**Securities**”)

issued under its Secured ETC Precious Metal Linked Securities Programme
(the “**Programme**”)

31 July 2025

We hereby refer to the Securities issued by the Issuer and the related Final Terms of the Securities. Capitalised terms used herein shall have the meanings ascribed to them in the base prospectus dated 7 April 2025 relating to the Programme (the “**Base Prospectus**”).

The Issuer hereby informs Securityholders of the Securities that due to low levels of demand and volumes traded on SIX Stock Exchange (“**SIX**”), it has been decided to delist the Securities from SIX with effect from 4 November 2025 (the “**Delisting Date**”).

Therefore, requests for redemption or subscription for the Securities on this stock exchange may only be made until close of business on 3 November 2025 (the “**Last Trading Date**”).

For the avoidance of doubt, the Securities will not be terminated or compulsorily redeemed.

After the Delisting Date, the Securities will remain listed on Borsa Italiana and XETRA.

In order for you to sell your securities after the Delisting Date, you would need to instruct your authorized intermediary bank or stockbroker to realign your securities to one of the aforementioned stock exchanges on which the Securities will remain listed. Securityholders should note that your authorised intermediary bank or stockbroker may impose administrative charges to realign your securities to other stock exchanges.

Securityholders should note that orders in the secondary market may incur costs over which the Issuer has no control. Securityholders should consult with their authorised intermediary or stockbroker in relation to these costs.

Notices to Securityholders are validly delivered to the Clearing System(s) for communication by the Clearing System(s) to the Securityholders.

If you are not the ultimate beneficial holder in respect of the Securities, or if you have recently disposed of the Securities, please forward this notice to the ultimate beneficial holder or purchaser respectively.
