The investors do not bear any performance or currency risk of the transferable securities and/or money market instruments.

## **1. General (continued)**

### **a) The Company (continued)**

The liabilities of each Sub-Fund shall be segregated on a Sub-Fund by Sub-Fund basis with third party creditors having recourse only to the assets of the Sub-Fund concerned.

### **b) The Shares**

The Shares may be differentiated between Distribution Shares (identified by the letter “D”) and Capitalisation Shares (identified by the letter “C”). Other Classes may be offered with specific features such as conversion or redemption charge, minimum subscription amount, fee structures or other specific features. Within each Class of Shares, several types of sub-classes can be issued, differentiating between (but not limited to) dividend payment structures, dividend payment dates, and fee structures. The Shares will be listed for trading on one or more stock exchanges. Unless otherwise specified in the relevant Product Annex, the Sub-Funds are available for investment by Institutional and Retail Investors.

The Shares will be issued by the Company exclusively in relation to Sub-Funds with an Investment Objective for which the subscription will normally be in cash.

## **2. Accounting policies**

The financial statements of the Company have been prepared according to accounting principles generally accepted in Luxembourg and applicable for investment funds. The significant accounting policies used are as follows:

### **a) Valuation of investments:**

The Net Asset Value of the Company is at any time equal to the total of the Net Asset Values of the Sub-Funds in the base currency of the Company.

The Net Asset Value of the Sub-Funds shall be determined in accordance with the following rules:

- (i) the value of any cash on hand or on deposit, bills and demand notes and accounts receivable, prepaid expenses, cash dividends and interest declared or accrued as aforesaid and not yet received is deemed to be the full amount thereof, unless in any case the same is unlikely to be paid or received in full, in which case the value thereof shall be determined after making such discount as may be considered appropriate in such case to reflect the true value thereof;
- (ii) the value of all securities which are listed or traded on an official stock exchange or traded on any other Regulated Market will be valued on the basis of the last available prices on the Business Day immediately preceding the Valuation Day or on the basis of the last available prices on the main market on which the investments of the Sub-Funds are principally traded. The Board of Directors will approve a pricing service which will supply the above prices. If, in the opinion of the Board of Directors, such prices do not truly reflect the fair market value of the relevant securities, the value of such securities will be determined in good faith by the Board of Directors either by reference to any other publicly available source or by reference to such other sources as it deems in its discretion appropriate;
- (iii) securities not listed or traded on a stock exchange or a Regulated Market will be valued on the basis of the probable sales price determined prudently and in good faith by the Board of Directors;

## 2. Accounting policies (continued)

- (iv) the swap agreements are valued on the basis of total return swaps, which correspond to the net positive or negative value resulting from, on one hand, the market appreciation/depreciation of the portfolio of investments, including the interest income earned on these investments, and, on the other hand, of the market value of the index embedded in the swap agreement. The net positive or negative value is disclosed in the financial statements as “Unrealised gain / (loss) on swap”;
- (v) all other securities and other permissible assets as well as any of the above mentioned assets for which the valuation in accordance with the above sub-paragraphs would not be possible or practicable, or would not be representative of their value, will be valued at fair market value, as determined in good faith pursuant to procedures established by the Board of Directors.

### b) Investment transactions:

The net realised gain / (loss) on sale of investments is determined on the basis of the average cost of investments sold. Investment transactions are accounted for on a trade date basis. The net realised gain / (loss) on sale of investments is disclosed in the financial statements as “Net realised gain / (loss) on investments”.

The cost of the inflation-linked bonds is adjusted for inflation and these adjustments are recognised as interest on bonds.

### c) Conversion of foreign currencies:

Accounting records are kept for each Sub-Fund in its reference currency. The combined statement of net assets and statement of operations and changes in net assets of the Company are presented in Euro based on the exchange rate prevailing at the date of the Statement of Net Assets.

Income and expenses in currencies other than the reference currency of a Sub-Fund are translated into the reference currency of the relevant Sub-Fund at the exchange rates prevailing at the transaction date.

Assets and liabilities in currencies other than the reference currency of a Sub-Fund are translated into the reference currency of the relevant Sub-Fund at the exchange rates prevailing at the date of the Statement of Net Assets.

The exchange rates used as at 30 June 2012 are:

1 Euro = 1.238037 AUD  
1 Euro = 1.201156 CHF  
1 Euro = 0.809111 GBP  
1 Euro = 1.607633 SGD  
1 Euro = 1.269050 USD

### d) Income

Interest is recorded on an accrual basis.

## 3. Taxation of the Company

Under current law and practice, the Company is not liable to any Luxembourg income taxes, stamp duty or other tax. Investment income and capital gains, if any, received or realised by the Company may, however, be subject to taxation in the country of origin at varying rates, which normally cannot be recovered by the Company. Some double taxation treaties signed by Luxembourg may be applicable to Luxembourg UCITS.

Although the Company is, in principle, subject in Luxembourg to the subscription tax (“Taxe d’Abonnement”), all Sub-Funds are exempt from such tax as (i) all their Shares are listed or traded on at least one stock exchange or another regulated market operating regularly, recognised and open to the public; and (ii) their exclusive objective is to replicate the performance of one or more indices, it being understood that this condition of exclusive objective does not prevent the management of liquid assets, if any, on an ancillary basis, or the use of techniques and instruments used for hedging or for purposes of efficient portfolio management.

#### 4. Swaps

The swap agreements are concluded at the beginning of the life of the swap with the transferable securities and money market instruments having a similar cost to the notional value of the index. This position may however change during the life of the swap whereby the cost of the transferable securities and money market instruments, including net purchased accrued interest, may become higher than the notional value of the index due to additional purchases of transferable securities and money market instruments in excess of the index notional. The difference between these notional values is accounted for and disclosed in the financial statements as “Receivable due from swap counterparty” or as “Payable due to swap counterparty” depending on which notional is higher. The receivable balances will be settled to the Sub-Fund and the payable balances will be settled to the swap counterparty on termination of the respective swap agreement.

The table below lists the notional values of the paying and receiving legs of the swap and the unrealised gain / (loss) on swap per Sub-Fund.

**5. Management Company Fee and Fixed Fee**

## a) Management Company Fee

In accordance with and subject to the terms of the Management Company Agreement, the annual Management Company Fee will be a percentage of the Net Assets of each Sub-Fund or Class of Shares or the Initial Issue Price (as indicated in the Product Annexes of the Prospectus). Management Company Fees are payable periodically at a rate which is within a range specified in the table below. The Management Company is also entitled to receive reimbursement for any reasonable disbursements and out-of-pocket expenses. The Management Company Fee will be calculated upon each Valuation Day.

The Management Company may pay a Distribution Fee to the Distributor or Sub-Distributors out of the Management Company Fee. The Distributor may re-allocate an amount of the Distribution Fee to the Sub-Distributors.

## b) Fixed Fee

Under the terms of an arrangement between the Company and Deutsche Bank AG, acting through its London branch (the "Fixed Fee Agent"), the Fixed Fee Agent will in exchange for the payment of a Fixed Fee, calculated on the average daily Net Asset Value per Sub-Fund or per Class at a rate as specified in the table below and payable periodically, finance the payment of certain fees and expenses, unless otherwise specified in the relevant Product Annex of the Prospectus.

The fees and expenses covered by the arrangement are Transaction Fees, Administrative Expenses (including the Administrative Agent Fee, the Custodian Fee, the Registrar, Transfer Agent and Listing Agent Fee, the formation expenses and other Administrative Expenses) and the tax in Luxembourg (the "Taxe d'Abonnement"), if any.

The Fixed Fee does not include the following fees, expenses and costs:

- the Investment Management Fee (which is paid by the Management Company);
- the Management Company Fee;
- the costs of any marketing agencies appointed by the Company or the Management Company to provide certain marketing and distribution services to the Company or the Management Company;
- any taxes or fiscal charges which the Company may be required to pay, except the "Taxe d'Abonnement", if any, or, if it should be payable, any value added tax or similar sales or services tax payable by the Company (VAT) (all such taxes or fiscal charges), unless otherwise specified in the relevant Product Annex of the Prospectus;
- expenses arising out of any advertising or promotional activities in connection with the Company; nor,
- any costs and expenses incurred outside of the Company's ordinary course of business such as extraordinary expenses (e.g. legal fees incurred in prosecuting or defending, a claim or allegation, by or against, the Company).

In particular, the Fixed Fee Agent will finance the payment of invoices of legal advisers, local paying agents and translators provided and to the extent that these invoices do not in aggregate exceed the overall threshold of Euro ten Million (EUR 10,000,000) per Financial Year and the Company will be liable to pay for any amount that exceeds this threshold. The Company will pay this amount out of the relevant Sub-Fund's assets to which the specific costs are attributed.

\* This is a synthetic ETF.
