Directors' Report

Despite difficult market conditions, 2008 was a strong year for db x-trackers and db x-trackers II, the other "db x-trackers" branded fund.

During the year assets under management increased from EUR 5.1 billion to EUR 8.9 billion measured against a fall of 40% in the MSCI World Index in 2008. Combined with the growth of assets of db x-trackers II, the market share of db x-trackers ETFs in Europe more than doubled from 7.5% at the end of 2007 to 16.8% at the end of 2008. This strong growth consolidated db x-trackers position as the third largest ETF provider in Europe and largest in Luxembourg by assets under management.

There were 29 sub-funds launched during the year including the first ETFs from the platform on currency strategies, money markets, Shariah indices and the first ETF of ETFs products.

The strategy of listing the ETFs on multiple stock exchanges across Europe continued with listings on the following exchanges: Deutsche Börse, Borsa Italiana, Euronext Paris, SIX Swiss Exchange and London Stock Exchange. Trading volumes and market shares across all of the stock exchanges increased during 2008 with the sub-funds tracking short indices proving to be particularly popular during the volatile market conditions. The sub-funds have also been authorised for public distribution across Europe: Austria, Finland, France, Germany, Italy, Luxembourg, Netherlands, Spain, Sweden, Switzerland and UK.

In February 2009 four sub-funds were listed on the Singapore Stock Exchange to mark the expansion of db x-trackers into the Asian market. The Asian ETF market is relatively undeveloped compared to Europe so the opportunities are there for db x-trackers to participate in the growth potential.

Further sub-fund launches are planned during 2009 and the distribution of the sub-funds will be expanded with further listings and registrations in other countries.

Independent Auditor's Report

To the Shareholders of
db x-trackers, SICAV
49, avenue J.F. Kennedy
L-1855 Luxembourg

Following our appointment by the Annual General Meeting of the Shareholders of 28 March 2008, we have audited the accompanying financial statements of db x-trackers and of each of its Sub-Funds, which comprise the Statement of Net Assets and the Statement of Investments as at 31 December 2008 and the Statement of Operations and Changes in Net Assets for the year then ended, and a summary of significant accounting policies and other explanatory notes to the financial statements.

Responsibility of the Board of Directors of the SICAV for the financial statements

The Board of Directors of the SICAV is responsible for the preparation and fair presentation of these financial statements in accordance with Luxembourg legal and regulatory requirements relating to the preparation of the financial statements. This responsibility includes: designing, implementing and maintaining internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error; selecting and applying appropriate accounting policies; and making accounting estimates that are reasonable in the circumstances.

Responsibility of the "Réviseur d'Entreprises"

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with International Standards on Auditing as adopted by the "Institut des Réviseurs d'Entreprises". Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the judgement of the "Réviseur d'Entreprises", including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the "Réviseur d'Entreprises" considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control.

An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the Board of Directors of the SICAV, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements give a true and fair view of the financial position of db x-trackers and of each of its Sub-Funds as of 31 December 2008, and of the results of their operations and changes in their net assets for the year then ended in accordance with Luxembourg legal and regulatory requirements relating to the preparation and presentation of the financial statements.

Other matter

Supplementary information included in the annual report has been reviewed in the context of our mandate but has not been subject to specific audit procedures carried out in accordance with the standards described above. Consequently, we express no opinion on such information. However, we have no observation to make concerning such information in the context of the financial statements taken as a whole.

⁽¹⁾ Sub-Fund listed on London Stock Exchange.

⁽²⁾ Sub-Fund listed on Deutsche Börse.

⁽³⁾ Sub-Fund listed on Borsa Italiana.

⁽⁴⁾ Sub-Fund listed on SIX Swiss Exchange.

⁽⁵⁾ Sub-Fund listed on Euronext Paris.

The Investment Objective of the Sub-Funds here above mentioned is to provide the investors with a return linked to the performance of the Underlying Asset. The Sub-Funds will mainly invest in transferable securities and money market instruments and use derivative techniques such as index swap agreements to exchange the performance of the transferable securities and money market instruments the Sub-Funds invest in against the performance of the Index. The investors do not bear any performance or currency risk of the transferable securities and money market instruments.

Sub-Fund	Launch date
db x-trackers S&P EUROPE 350 SHARIAH ETF ⁽¹⁾⁽²⁾	8 July 2008

db x-trackers DJ ISLAMIC MARKET TITANS 100 SM ETF ⁽¹⁾⁽²⁾	8 July 2008

The Investment Objective of the Sub-Funds here above mentioned is to track the performance of the Underlying Asset. The Sub-Funds will invest in a portfolio of Shariah compliant assets and proposes to enter into certain Shariah compliant agreements (“Wa’d”), the purpose of which would be to enable the exchange of the performance of the invested assets of the Sub-Fund invests in against the performance of the Index in a Shariah compliant agreement (“Wa’d”).

The Sub-Funds shall invest the proceeds of the subscription of the Shares in assets meeting the criteria set out below and further detailed in the Prospectus, and in any non-interest bearing liquid assets that the Sub-Fund may hold from time to time on an ancillary basis (“the Invested Assets”).

Notes to the Financial Statements (continued)

1. General (continued)

a) The Company (continued)

Based on established parameters of leading Shariah scholars and boards, the following businesses, industries and financial instruments are inconsistent with Shariah precepts and principles and hence investment in their assets, e.g. shares, is not suitable for Islamic, Shariah compliant investment purposes: (i) alcohol, (ii) tobacco, (iii) pork-related products, (iv) conventional financial services (banking, insurance, etc.), (v) weapons and defense, (vi) entertainment.

The liabilities of each Sub-Fund shall be segregated on a Sub-Fund by Sub-Fund basis with the third party creditors having recourse only to the assets of the Sub-Funds concerned.

b) The Shares

The shares can be divided into shares of classes "I" and "R".

The shares will be issued by the Company exclusively in relation to Sub-Funds with an Investment Objective for which the subscription will normally be in cash.

Shares of class "I" are available only to Institutional Investors whilst shares of class "R" are primarily designated for retail investors.

As at 31 December 2008, only shares of class "I" available to Institutional Investors have been issued by the Company.

Shares of class "I" and "R" are further differentiated by their respective fee structure (identified by the number "1" or "2") and further differentiated between Distribution shares (identified by the letter "D") and Capitalisation shares (identified by the letter "C"). Within each class of shares, several types of sub-classes can be issued. Shares of classes "I" and "R" may be listed for trading on one or more stock exchanges.

2. Accounting policies

The financial statements of the Company have been prepared according to accounting principles generally accepted in Luxembourg and applicable for investment funds. The significant accounting policies used are as follows:

a) Valuation of investments:

The Net Asset Value of the Company is at any time equal to the total of the Net Asset Values of the Sub-Funds in the base currency of the Company.

The Net Asset Value of the Sub-Funds shall be determined in accordance with the following rules:

- (i) the value of any cash on hand or on deposit, bills and demand notes and accounts receivable, prepaid expenses, cash dividends and interest declared or accrued as aforesaid and not yet received is deemed to be the full amount thereof, unless in any case the same is unlikely to be paid or received in full, in which case the value thereof shall be determined after making such discount as may be considered appropriate in such case to reflect the true value thereof;
- (ii) the value of all transferable securities and money market instruments and other assets which are listed or traded on an official stock exchange or traded on any other regulated market will be valued on the basis of the last available prices on the Business Day immediately preceding the Valuation Day or on the basis of the last available prices on the main market on which the investments of the Sub-Funds are principally traded. If, in the opinion of the Board of Directors, such prices do not truly reflect the fair market value of the relevant securities, the value of such securities will be determined in good faith by the Board of Directors either by reference to any other publicly available source or by reference to such other sources as it deems in its discretion appropriate;

Notes to the Financial Statements (continued)

2. Accounting policies (continued)

a) Valuation of investments (continued):

- (iii) securities not listed or traded on a stock exchange or a Regulated Market will be valued on the basis of the probable sales price determined prudently and in good faith by the Board of Directors;
- (iv) the index swap agreements are valued on the basis of total return swaps, which correspond to the net positive or negative value resulting from, on one hand, the market appreciation/depreciation of the portfolio of investments, including income earned on these investments, and, on the other hand, of the market value of the index plus dividend distributions for those indices which are price indices. The net positive or negative value is disclosed in the financial statements as “Unrealised gain / (loss) on swap”;
- (v) all other securities and other permissible assets as well as any of the above mentioned assets for which the valuation in accordance with the above sub-paragraphs would not be possible or practicable, or would not be representative of their fair value, will be valued at fair market value, as determined in good faith pursuant to procedures established by the Board of Directors;
- (vi) the value of the Shariah compliant agreements (“Wa’d”) will correspond to the net positive or negative value resulting from, on one hand, the market appreciation/depreciation of the Invested Assets and, on the other hand, of the market value of the Shariah compliant index. The net positive or negative value is disclosed in the financial statements as “Unrealised gain / (loss) on Wa’d”.

b) Investment transactions:

The net realised gain / (loss) on sale of investments is determined on the basis of the average cost of investments sold. Investment transactions are accounted for on a trade date basis. The net realised gain / (loss) on sale of investments is disclosed in the financial statements as “Net realised gain / (loss) on investments”.

c) Conversion of foreign currencies:

The Company maintains the accounting records in Euro. The combined total of net assets and of operations and changes in net assets of the Company is presented in Euro based on the exchange rate prevailing at the date of the Statement of Net Assets.

Income and expenses in currencies other than the reference currency of a Sub-Fund are translated into the reference currency of the relevant Sub-Fund at the exchange rates prevailing at the transaction date.

Assets and liabilities in currencies other than the reference currency of a Sub-Fund are translated into the reference currency of the relevant Sub-Fund at the exchange rates prevailing at the date of the Statement of Net Assets.

The exchange rates used as at 31 December 2008 are:

- 1 Euro = 1.99 AUD
- 1 Euro = 1.48 CHF
- 1 Euro = 0.97 GBP
- 1 Euro = 1.39 USD

d) Income

Interest is recorded on an accruals basis. Dividends are accounted for on the ex-date.

Notes to the Financial Statements (continued)

3. Taxation of the Company

Under current Law and practice, the Company is not liable to any Luxembourg income tax.

The Company is, however, liable in Luxembourg to a tax of 0.05 per cent per annum or 0.01 per cent per annum as applicable (“Taxe d’Abonnement”). The Taxe d’Abonnement is payable quarterly on the basis of the Net Asset Value of the Sub-Fund at the end of the relevant calendar quarter. The benefit of the 0.01 per cent Taxe d’Abonnement is available to Classes of Shares exclusively held by Institutional Investors (Class “I” Shares) on the basis of the Luxembourg legal, regulatory and tax provisions as these are known to the Company at the time of admission of an investor in such Classes of Shares. Such assessment is subject to such changes in the laws and regulations of Luxembourg and to such interpretation on the status of an eligible investor by any competent Luxembourg authority as will exist from time to time. Any such reclassification made by an authority as to the status of an investor may submit the entire class to a Taxe d’Abonnement at the rate of 0.05 per cent p.a. The Taxe d’Abonnement charge is covered by the Fixed Fee (see Note 6).

4. Swaps

The exposure of the Sub-Funds to an Index (Equity, Commodity or Currency Index) is achieved through an OTC swap transaction. The valuation of the OTC swap transaction will reflect the relative movements in the performance of the Index and the transferable securities and money market instruments. Depending on the value of the OTC swap transaction the Sub-Funds will have to make a payment to the Swap Counterparty or will receive such payment. In the case the Sub-Funds have to make a payment to the Swap Counterparty, this payment will be made from the proceeds and, as the case may be, the partial or total disposal of the transferable securities and money market instruments the Sub-Funds have invested in.

The table below lists the notional value of the swap and the unrealised gain / (loss) on swap per Sub-Fund.

The index swap agreements (Bond or Money Market Index) are concluded at the outset of the swap agreement with the transferable securities and money market instruments having a lower cost than the notional value of the Index. This position may however change during the life of the swap whereby the cost of the transferable securities and money market instruments may become higher than the notional value of the Index due to additional purchases of transferable securities and money market instruments in excess of the Index notional. The difference between these notional values is accounted for and disclosed in the financial statements as "Receivable due from swap counterparty" or as "Payable due to swap counterparty" depending on which notional is higher. The receivable balances will be settled to the Sub-Fund and the payable balances will be settled to the swap counterparty on termination of the respective swap agreement.

The table below lists the notional values of the paying and receiving legs of the swap and the unrealised gain / (loss) on swap per Sub-Fund.

5. Wa'd Agreements

The exposure of the Sub-Funds to Shariah Compliant Index is intended to be achieved through Shariah Compliant Agreements (“Wa’d”). The valuation of the Wa’d will reflect the relative movements in the performance of the Index and the Invested Assets. Depending on the value of the Wa’d, the Sub-Funds may be required to sell Invested Assets and/or make payment or be entitled to receive such a payment. In the case that the Sub-Fund has to make a payment, this payment will be made from the proceeds and, as the case may be, the partial or total disposal of the Invested Assets the Sub-Fund has invested in.

The table below lists the value and the unrealised gain / (loss) on Wa'd agreements per Sub-Fund.

6. Management Company Fee and Fixed Fee

a) Management Company Fee

In accordance with and subject to the terms of the Management Company Agreement, the annual Management Company Fee will be a percentage of the Net Assets of each Sub-Fund or Class of Shares or the Initial Issue Price (as indicated in the Product Annexes of the Prospectus). Management Company Fees are payable monthly at a rate which is within a range specified in the table below. The Management Company is also entitled to receive reimbursement for any reasonable disbursements and out-of-pocket expenses. The Management Company Fee will be calculated upon each Valuation Day.

b) Fixed Fee

Under the terms of an arrangement between the Company and the Fixed Fee Agent Deutsche Bank AG, acting through its London Branch (“Deutsche Bank AG”), the Fixed Fee Agent will in exchange for the payment of a Fixed Fee, calculated on the average daily Net Asset Value per Sub-Fund or per Class at a rate as specified in the table below and payable quarterly, finance the payment of certain fees and expenses, unless otherwise specified in the relevant Product Annex of the Prospectus.

The fees and expenses covered by the arrangement are Transaction Fees, Administrative Expenses (including the Administration Agent Fee, the Custodian Fee, the Registrar and Transfer Agent Fee, the Listing Agent Fee, the formation expenses and other Administrative Expenses) and the annual tax in Luxembourg (the “Taxe d’abonnement”).

Invoices received by the Company which are covered by the Fixed Fees are paid by each Sub-Fund on a pro-rata basis. At the end of each quarter, the total invoices paid are compared against the Fixed Fee charge of the respective Sub-Fund charged in accordance with the terms outlined in the Prospectus. If the invoices paid are less than the Fixed Fee charge for the quarter, then the Sub-Fund will pay the difference to the Fixed Fee Agent in accordance with the payment terms in the Prospectus. If the invoices paid exceed the Fixed Fee charge for the quarter, then the Sub-Fund is due cash from the Fixed Fee Agent and will have a receivable due from the Fixed Fee Agent at the end of the quarter.

The Fixed Fee does not include the following fees, expenses and costs:

- the Distribution Fee;
- the Investment Management Fee;
- the Management Company Fee;

Notes to the Financial Statements (continued)

6. Management Company Fee and Fixed Fee (continued)

- the costs of any marketing agencies appointed by the Company or the Management Company to provide certain marketing and distribution services to the Company or the Management Company;
- any taxes or fiscal charges which the Company may be required to pay or, if it should be payable, any value added tax or similar sales or services tax payable by the Company (VAT) (all such taxes or fiscal charges), unless otherwise specified in the relevant Product Annex; nor,
- any costs and expenses incurred outside of the Company's ordinary course of business such as extraordinary expenses (e.g. legal fees incurred in prosecuting or defending, a claim or allegation, by or against, the Company).
