## **XTRACKERS (IE) PLC**

### **GENERAL INFORMATION CONT/D**

The following information is derived from and should be read in conjunction with the full text and definitions section of the prospectus of Xtrackers (IE) plc (the "Prospectus"). Capitalised terms used herein shall have the same meaning as capitalised terms used in the Prospectus unless otherwise defined herein.

Xtrackers (IE) plc (the "Company") is an investment company with variable capital incorporated on 17 November 2004, authorised and regulated by the Central Bank of Ireland (the "Central Bank") under the European Communities (Undertakings for Collective Investments in Transferable Securities) Regulations 2011, as amended, and under the Central Bank (Supervision and Enforcement) Act 2013 (Section 48(1) (Undertakings for Collective Investments in Transferable Securities) Regulations 2019 (together the "UCITS Regulations").

The Company is structured as an open-ended umbrella fund with segregated liability between the Funds. Shares representing interests in different Funds may be issued from time to time by the Directors without prior consent by the Central Bank. Shares of more than one class may be issued in relation to a Fund. All shares of each class will rank pari passu save as provided for in each relevant Supplement to the Prospectus.

At the end of the financial period the Company comprised of 90 active Funds.

### **Valuation of Assets**

The Net Asset Value of a Fund shall be expressed in the currency in which the shares are designated or in such other currency as the Directors may determine either generally or in relation to a particular Class or in a specific case, and shall be calculated by ascertaining the value of the assets of the Fund and deducting from such value the liabilities of the Fund (excluding shareholders equity) as at the NAV Date.

The Net Asset Value per share of a Fund will be calculated by dividing the Net Asset Value of the Fund by the number of shares in the Fund then in issue or deemed to be in issue as at the NAV Date and rounding the result mathematically to four decimal places or such other number of decimal places as may be determined by the Directors from time to time.

In the event the shares of any Fund are further divided into Classes, the Net Asset Value per Class shall be determined by notionally allocating the Net Asset Value of the Fund amongst the Classes making such adjustments for subscriptions, repurchases, fees, dividends accumulation or distribution of income and the expenses, liabilities or assets attributable to each such Class (including the gains/losses on and costs of financial instruments employed for currency hedging between the currencies in which the assets of the Fund are designated and the designated currency of the Class, which gains/losses and costs shall accrue solely to that Class) and any other factor differentiating the Classes as appropriate. The Net Asset Value of the Fund, as allocated between each Class, shall be divided by the number of shares of the relevant Class which are in issue or deemed to be in issue and rounding the result mathematically to four decimal places as determined by the Directors or such other number of decimal places as may be determined by the Directors from time to time.

### **Dealing**

All Funds deal on every Business Day as set out in the relevant Supplements to the Prospectus. The Business Day means, unless otherwise defined in the Supplement for the relevant Fund, a day which is a London Banking Day.

Applications must be received by the State Street Fund Services (Ireland) Limited (the "Administrator") before the Cut-off Time on the relevant Transaction Day as specified in the relevant Supplement to the Prospectus.

Applications should be addressed to the Administrator:

**Fax: 353-1-523 3717**

### GENERAL INFORMATION CONT/D

#### Tracking Error and Tracking Difference

Funds which track an index are subject to tracking error risks which may result in the value and performance of the Shares not tracking exactly the value and performance of the corresponding Index. The tracking error is defined as the volatility (as measured by the standard deviation) of the difference between the return of the Fund and the return of its Index, on an annual basis (the "Tracking Error"). It should be differentiated from the tracking difference, which is simply the difference between the return of the Fund and the return of its Index, on an annual basis or another given period of time (the "Tracking Difference"). The Tracking Difference indicates the extent to which a Fund has outperformed or underperformed its Index on an annual basis or another given period of time. In contrast, the Tracking Error measures how consistently the Fund return matches its Index on an annual basis. The anticipated level of Tracking Error, in normal market conditions, is disclosed for each Fund in the Supplements (please see the "Description of the Shares" section of the relevant Supplement). For Funds with Currency Hedged Share Classes, the anticipated tracking error disclosed represents the tracking error of the unhedged Share Classes against the relevant Fund's Reference Index (which is also unhedged), where applicable. Investors' attention is drawn to the fact that these figures are only estimates of the Tracking Error level in normal market conditions and should not be understood as strict limits. Tracking Error and Tracking Difference for the financial period to date is outlined in the Fund Performance Supplemental Data on pages 1053 to 1056 for the relevant Funds where they apply.

## INVESTMENT MANAGER'S REPORT

### Market Commentary

#### EQUITY

##### United Kingdom (UK):

UK equities fell over the first half of 2023 as interest rate fears gripped markets. The large UK-quoted diversified energy and basic materials groups were the most significant detractors. The 0.5% rate hike in June represented a reacceleration decision following stronger-than-expected UK jobs market numbers, wage growth and core inflation readings. In its latest quarterly forecasts, the Bank of England (BoE) said it still expected the country to fall into a recession later in 2023.

##### United States (US):

The Nasdaq gained 32% year-to-date, outperforming the S&P 500's 14% bounce and Dow Jones Industrial Average's 2% gain. Mega cap stocks are once again dominating the performance. This time it is driven by excitement around generative artificial intelligence technologies such as ChatGPT. The year-to-date return of the top seven technology stocks has been around 65%. Nvidia has posted a 190% return and Apple's market capitalization now exceeds that of the entire small-cap Russell 2000 Index. The consumer discretionary and communication services sectors also performed strongly. Underperforming sectors included energy and utilities. The Federal Reserve steadily increased its benchmark interest rate to the highest since 2007. The US unemployment rate increased in May to 3.7%, which is larger than expected but the labor market nonetheless remains historically tight.

##### Eurozone:

Overall, Eurozone shares posted gains in the first half of 2023 despite volatility in the banking sector with the advance led by the financials and IT sectors. Underperforming sectors included energy and communication services. The region experienced a mild recession over the winter. The European Central Bank raised interest rates four times this year, taking the main refinancing rate to 4.0%. The core inflation rate crept up to 5.4% in June. The labor market remains tight, with unemployment the lowest and the growth of wages accelerating.

##### Japan:

Japan has been the best performing major equity market for the first half of 2023. The major equity indices, the Topix and the Nikkei 225, both hit their highest levels since 1989, driven by weakness in the yen and continuous buying from foreign investors since April. The Bank of Japan (BoJ) maintained its yield curve control policy under new governor Kazuo Ueda. While the BoJ maintained their cautious stance on the continuity of inflation and wage growth in Japan, the macroeconomic figures continued to suggest solid progress.

##### Emerging Markets:

Emerging market (EM) equities have underperformed developed markets so far this year. Tensions between the US and China were a contributing factor behind EM underperformance, as were concerns about China's weak economic recovery. Hungary, Poland and Greece were the top-performing index markets despite rising recessionary fears in Europe. China underperformed amid concerns over a weaker-than-expected recovery. Kuwait and Qatar also lagged. South Africa was among the worst performers as the country's power situation continued to deteriorate, with severe consequences for economic growth. Shares in India achieved strong gains, driven by foreign inflows and steady earnings, and as encouraging economic data boosted sentiment towards the country. Equities in Taiwan advanced, driven by gains in technology stocks as investors rushed to buy AI-related stocks. Investor enthusiasm for AI-related stocks also boosted share prices in South Korea. The Philippines and Singapore ended in negative territory, while Indonesia achieved a modest gain. In currency terms, the Rouble and Turkey's Lira were among the top decliners in the first half of the year.

#### FIXED INCOME

##### United States (US):

The US 10-year Treasury yield increased from 3.74% to 3.84% during the first half of 2023. The US 2-year yield increased significantly from 4.37% to 4.90%. At the beginning of the year, the short-term rates were close to zero. The yield curve inverted for 364 straight days, with widening spreads between 2-yr and 10-yr yields hasn't garnered its due attention. US growth surprised to the upside, with a 'soft landing' scenario now being the market consensus. On the credit front, US investment grade posted negative total returns, but outperformed Treasuries over the quarter. US high yield posted positive returns.

## INVESTMENT MANAGER'S REPORT cont/d

### **Market Commentary cont/d**

#### FIXED INCOME cont/d

##### Eurozone:

The ECB continued to hike interest rates and announced in May that they expected to end reinvestments under their Asset Purchase Programme from July 2023. However, headline inflation has fallen significantly from the peak. Germany's 10-year yield increased from 2.31% to 2.39%. The Euro high yield outperformed investment grade over the period. Analysts expect the ECB to reach a terminal rate of 4% given elevated inflation, a tight labor market and a sticky wage growth.

##### United Kingdom (UK):

The UK 10-year yield moved up from 3.65% to 4.44% during the first half of 2023. In the first quarter of 2023, The BoE approved two rate hikes of 50bps and 25bps, respectively. At the March meeting, the BoE kept the door open to further rate hikes should the economy surprisingly grow. Inflation in the UK has taken many by surprise. This prompted the BoE to act more forcefully, raising interest rates by a larger than expected 50 bps in June. The UK 10-year yield jumped from 3.49% to 4.39% and the two-year yield made even more gains by increasing from 3.44% to 5.26%. On the credit front, UK high yield outperformed UK investment grade.

##### Japan:

In March, the turmoil triggered by SVB's collapse and the bailout of Credit Suisse by UBS dragged down market sentiment. Japanese financial stocks were severely hit by concerns. However, the market rebounded toward the end of the month. Yen weakness supported cyclical stocks.

Central banks continued with their interest rate hikes, though some adjusted their stance. The BoJ made no further adjustments to its yield curve control policy, despite core inflation rising. The BoJ also appointed a new governor, a development markets are assessing for any implications for monetary policy, particularly with respect to yield curve control.

The BoJ held the first policy meeting under new governor Kazuo Ueda in April and the second in June. There was no change to policy, which suggested their dovish stance continues. On the other hand, the US Federal Reserve is likely to continue to raise interest rates, therefore yen weakness was also accelerated. While the BoJ maintained their cautious stance on the continuity of inflation and wage growth in Japan, the macroeconomic figures continued to suggest solid progress.

##### Asia ex Japan:

2022 was a challenging year for Asian USD credit. Returns have been negative, as bond yields and credit spreads have risen sharply due to inflation and hawkish central banks.

Starting into the year, macro fundamentals and a slowing global growth outlook potentially pointed to lower bond yields in 2023 and pockets of opportunities in the Asian Credit market were expected. The first quarter of the year began with positive sentiment on the growth outlook as energy costs fell and China's economy reopened. In March, the turmoil triggered by SVB's collapse and the bailout of Credit Suisse by UBS dragged down market sentiment.

The second quarter of 2023 saw a significant drop in market volatility. Government bond yields were on the rise again, although there was some divergence, with the UK and Australia underperforming due to higher-than-expected inflation and a greater resolve by central banks to combat inflation. With the exception of the BoJ, all major central banks kept raising interest rates over the quarter.

## Notes to the Financial Statements for the financial period ended 30 June 2023

### 1. General Information

The Company is an investment company with variable capital incorporated on 17 November 2004, authorised and regulated by the Central Bank under the European Communities (Undertakings for Collective Investments in Transferable Securities) Regulations 2011 (as amended), and under the Central Bank (Supervision and Enforcement) Act 2013 (Section 48(1) (Undertakings for Collective Investments in Transferable Securities) Regulations 2019) (together the "UCITS Regulations"). The Company had no employees during the financial period ended 30 June 2023 or for the financial year ended 31 December 2022.

Investment objectives of each Fund may be found in the relevant Fund's Supplement.

### 2. Significant accounting policies

#### (i) Basis of preparation

These condensed unaudited interim financial statements have been prepared in accordance with the Financial Reporting Standard 104 "Interim Financial Reporting" ("FRS 104") and the UCITS Regulations. FRS 104 is the reduced reporting standard of Financial Reporting Standard ("FRS 102"); the Financial Reporting Standard applicable in the UK and Republic of Ireland.

#### (ii) Accounting Policies

The accounting policies applied are consistent with those of the annual financial statements for the financial year ended 31 December 2022, as described in those financial statements. The condensed unaudited interim financial statements should be read in conjunction with the Company's annual audited financial statements for the financial year ended 31 December 2022.

These condensed interim financial statements are unaudited. We note that the statutory auditor's report in the Company's annual audited financial statements for the financial year ended 31 December 2022 was unqualified.

### 3. Directors' remuneration

The Directors who are not associated with the Management Company or any affiliate will be entitled to remuneration for their services as Directors provided, however that the aggregate emoluments of each such Director shall not exceed EUR 75,000 or such other amount as may be approved by a resolution of the Directors or the Shareholders in general meeting. In addition, all of the Directors will be entitled to be reimbursed for their reasonable out of pocket expenses incurred in discharging their duties as Directors. Such reimbursement may be out of the assets of the relevant Fund.

### 4. Fair valuation hierarchy

FRS 102 Section 11.27 on "Fair Value: Disclosure" requires disclosure relating to the fair value hierarchy in which fair value measurements are categorised for assets and liabilities. The disclosures are based on a three-level fair value hierarchy for the inputs used in valuation techniques to measure fair value.

The Company classifies fair value measurements using a fair value hierarchy that reflects the significance of the inputs used in making the measurements, using a quantitative and qualitative analysis of those instruments recognised at fair value based on a three-level measurement hierarchy.

The fair value hierarchy has the following levels as defined under FRS 102 Section 34.22:

Level 1: The unadjusted quoted price in an active market for identical assets or liabilities that the entity can access at the measurement date.

Level 2: Inputs other than quoted prices included within Level 1 that are observable (i.e. developed using market data) for the asset or liability, either directly or indirectly.

Level 3: Inputs are unobservable (i.e. for which market data is unavailable) for the asset or liability.

The level in the fair value hierarchy within which the fair value measurement was categorised in its entirety was determined on the basis of the lowest level input that was significant to the fair value measurement in its entirety.

## XTRACKERS (IE) PLC

### Notes to the Financial Statements for the financial period ended 30 June 2023 cont/d

#### 4. Fair valuation hierarchy cont/d

For this purpose, the significance of an input was assessed against the fair value measurement in its entirety. If a fair value measurement used observable inputs that required significant adjustment based on unobservable inputs, that measurement was a Level 3 measurement. Assessing the significance of a particular input to the fair value measurement in its entirety required judgement, considering factors specific to the asset or liability. The determination of what constituted “observable” required significant judgement by the Management Company.

The Management Company considered observable data to be that market data that was readily available, regularly distributed or updated, reliable and verifiable, not proprietary, and provided by independent sources that are actively involved in the relevant market.

As at 30 June 2023 and 31 December 2022 all investments in exchange-traded funds, preferred stocks, rights and futures were classified as Level 1, while all investments in government bonds, corporate bonds, total return swaps and forward foreign currency exchange contracts were classified as Level 2. Furthermore, all investments in equities held as at 30 June 2023 and 31 December 2022 were also classified as Level 1, with the exception of the following investments, that were valued using unobservable inputs, and therefore classified as Level 2 or Level 3:

Investments classified as Level 2:

## Notes to the Financial Statements for the financial period ended 30 June 2023 cont/d

### 6. Related party transactions

Related parties are those parties which are part of either the DWS Group or it's parent group, the Deutsche Bank Group.

DWS Investment S.A. has been appointed to act as Management Company under the Management Company Agreement and is responsible for providing investment management services, administration services and distribution and marketing services to the various Funds unless otherwise indicated in the relevant Supplement. DWS Investment S.A. is entitled to receive Management Company Fees, as compensation for its services to the Company.

DWS Investment GmbH acts as Investment Manager with respect to Direct Investment Funds and DWS Investments UK Limited acts as Investment Manager with respect to Indirect Investment Funds. DWS Investment GmbH may, from time to time, and in accordance with an agreed process, delegate all or part of their investment management responsibilities with respect to one or more Direct Investment Funds to DWS Investments UK Limited and/or DWS Investments Hong Kong Limited (each a Sub-Portfolio Manager).

The Management Company shall remunerate the Investment Managers out of the Management Company Fee as agreed from time to time between the parties. Each Investment Manager shall remunerate out of the applicable Investment Management Fee any appointed Sub-Portfolio Manager or provider of best execution services, as agreed from time to time between the parties.

DWS Investments UK Limited, as agreed from time to time, has been appointed to provide certain services including, but not limited to, legal, regulatory and tax advice, relationship management, distribution, marketing, assistance in relation to structuring and restructuring and assistance in relation to the registrations of the Company.

Deutsche Bank AG, acting through its Frankfurt head office and its London and New York branches, acts as securities lending agent for securities lending transactions entered into on behalf of the Funds and is entitled to receive fees covering direct or indirect operational costs and fees arising from Securities Lending Transactions. DWS Investments UK Limited is entitled to receive fees arising from Securities Lending Transactions; for details please refer to Note 7 Efficient Portfolio Management.

In the normal course of its operations, each Fund may enter into transactions on securities or other investments with Deutsche Bank AG or other Deutsche Bank AG affiliates.

DWS Investments UK Limited acts as Platform Fee Arranger.

Deutsche Bank AG, acting through its London Branch has been appointed with regards to the position reporting services. Deutsche Bank AG Group and/or DWS Group entities may be involved in distribution activities in relation to the Company Funds.

Deutsche Bank AG, acting as Authorised Participant, held the following of the Funds on the primary share register, the majority of which are re-sold on the secondary market.

<b>Fund Name</b>	<b>Number of ETF shares held by Deutsche Bank AG on the primary share register as at 30 June 2023</b>	<b>Number of ETF shares held by Deutsche Bank AG on the primary share register as at 31 December 2022</b>

#### Connected Party Transactions

Regulation 43 of the UCITS Regulations “Restrictions of transactions with connected persons” states that “A responsible person shall ensure that any transaction between a UCITS and a connected person is conducted a) at arm’s length; and b) in the best interest of the unit-holders of the UCITS”.

As required under UCITS Regulation 81(4), the Board, as responsible persons are satisfied that there are in place arrangements, evidenced by written procedures, to ensure that the obligations that are prescribed by UCITS Regulation 43(1) are applied to all transactions with connected party; and all transactions with connected parties that were entered into during the period to which the report relates complied with the obligations that are prescribed by UCITS Regulation 43(1).

## XTRACKERS (IE) PLC

### Notes to the Financial Statements for the financial period ended 30 June 2023 cont/d

#### 7. Efficient Portfolio Management

The Company may, on behalf of each Fund and subject to the conditions and within the limits laid down by the Central Bank, employ techniques and instruments relating to transferable securities for efficient portfolio management purposes. Transactions for the purposes of efficient portfolio management may be undertaken with a view to achieving a reduction in risk, a reduction in costs or an increase in capital or income returns to a Fund and may not be speculative in nature. Such techniques and instruments will be utilised in accordance with the requirements of the Central Bank. New techniques and instruments may be developed which may be suitable for use by the Company and the Company (subject as aforesaid) may employ such techniques.

During the financial period ended 30 June 2023 and year ended 31 December 2022, the Company employed techniques or instruments for efficient portfolio management purposes, see details below.

##### **Futures Contracts**

Initial margin deposits are made upon entering into futures contracts and are generally made in cash or cash equivalents. The fair value of futures contracts is based upon their current quoted daily settlement prices on the relevant exchange as of the Statement of Financial Position date. Changes in the value of open futures contracts are recognised as unrealised gains or losses on futures contracts until the contracts are terminated, at which time realised gains and losses are recognised. For each relevant Fund, gains or losses on open futures contracts are shown in the Portfolio of Investments of each relevant Fund and as appropriate, in the Statement of Financial Position as financial assets or liabilities at fair value through profit or loss.

##### **Forward Foreign Currency Exchange Contracts**

The fair value of open forward foreign currency exchange contracts is calculated as the difference between the contracted rate and the current forward rate that would close out the contract on the Statement of Financial Position date. For each relevant Fund, gains or losses on open forward foreign currency exchange contracts are included in the financial assets or liabilities at fair value through profit or loss, as appropriate, in the Statement of Financial Position and are shown in the Portfolio of Investments of each relevant Fund.

##### **Total Return Swaps**

“Total Return Swap” is the generic name for any non traditional swap where one party agrees to pay the other the “total return” of a defined underlying reference obligation, usually in return for receiving a stream of LIBOR based cashflows. The total return swap may be applied to any underlying reference obligation but is most commonly used with equity indices, single stocks, bonds and defined portfolios of loans and mortgages.

The total return swaps held by the Company are exposed to fluctuations on the underlying reference obligations. However, in contrast to the typical total return swap there are no periodic payments to the swap counterparty. The total return swaps are recorded as financial assets or financial liabilities at fair value through profit or loss in the Statement of Financial Position.

The fair value of these total return swaps is determined by the Directors based on the mark to market valuation provided by the counterparty. In determining the mark to market valuation, the counterparty makes assumptions that are based on market conditions existing on each Statement of Financial Position date and uses valuation techniques which include the use of comparable recent arm's length transactions, discounted cash flow techniques, option pricing models and other valuation techniques commonly used by market participants.

##### **Securities Lending Activities**

Securities lending agreements may be used by the Funds for efficient portfolio management purposes. Deutsche Bank AG, acting through its Frankfurt head office and its London and New York branches, acts as securities lending agent for securities lending transactions entered into on behalf of the Funds.

During the financial period ended 30 June 2023 and the financial year ended 31 December 2022, the Funds, as disclosed in the tables below, had securities lending agreements in place. The tables detail the fair value of securities on loan and collateral held at 30 June 2023 and 31 December 2022.

For the financial period ended 30 June 2023 and the financial year ended 31 December 2022, the Funds earned net income as a result of securities lending activities, which is recognised in "Securities lending income" line in the Statement of Comprehensive Income.

For each Fund, securities lending income is split between the Fund, the securities lending agent and the Sub-Portfolio Manager in a ratio of 70:15:15, respectively, with all operational costs borne out of the securities lending agent's and the Sub-Portfolio Manager's share.

## XTRACKERS (IE) PLC

### Notes to the Financial Statements for the financial period ended 30 June 2023 cont/d

#### 8. Cross holdings

As at the Statement of Financial Position date, a number of Funds invested in other Funds of the Company. The impact of these cross-investment transactions have been eliminated from the total column of the Statement of Financial Position, Statement of Comprehensive Income and the Statement of Changes in Net Assets Attributable to Holders of Redeemable Participating Shares.

Please refer to the Portfolio of Investments of these Funds on pages 110 to 910 to view their holdings in the other Funds. The cross holdings have the nominal amounts and market value disclosed in the Portfolio of Investments. Cumulative subscriptions of EUR 5,212,508 (30 June 2022: EUR 21,180,098) and redemptions of EUR 4,190,010 (30 June 2022: EUR 18,499,325) were eliminated from the total column of the Statement of Changes in Net Assets Attributable to Holders of Redeemable Participating Shares. Cumulative distributions of EUR 98,654 (30 June 2022: 522,754) were paid out of the cross holdings during the financial period.

## XTRACKERS (IE) PLC

### Notes to the Financial Statements for the financial period ended 30 June 2023 cont/d

#### 12. Significant events during the financial period cont/d

The Company notified shareholders on 30 January 2023 that the Paying Agent Agreement with Deutsche Bank Aktiengesellschaft would be terminated with effect from 28 February 2023. The notice also informed shareholders that from 1 March 2023, the information agent services for shareholders in Germany are provided by DWS Investment GmbH.

On Friday, 10 March 2023, Silicon Valley Bank (SVB), the US's 16th largest bank, was closed by the California Department of Financial Protection and Innovation which appointed the Federal Deposit Insurance Corporation (FDIC) as the receiver. Signature Bank, a New York financial institution with a big real estate lending business that had recently made a play to win cryptocurrency deposits, closed its doors abruptly on 12 March 2023, after regulators said that keeping the bank open could threaten the stability of the entire financial system. Several funds of Xtrackers (IE) plc track indices that contained either SVB or Signature Bank securities. Where funds were holding such securities the DWS pricing committee decided to value both assets at \$0.0001 from and inclusive of NAV date 13 March 2023. Index providers valued the securities at 0 at the same time or shortly thereafter. As a result, there was no material impact on the tracking error of the Funds.

The Company notified shareholders on 21 April 2023 that MSCI Limited, in its capacity as Index Administrator of each Reference Index of the Funds set out in the table below, resolved to make certain changes to the index methodology of each Reference Index, effective as of 1 March 2023, by introducing additional screens and exclusion criteria to the environmental, social and governance ("ESG") criteria.

Fund	Reference Index
Xtrackers MSCI World ESG Screened UCITS ETF	MSCI World Select ESG Screened Index
Xtrackers MSCI EMU ESG Screened UCITS ETF	MSCI EMU Select ESG Screened Index
Xtrackers MSCI Japan ESG Screened UCITS ETF	MSCI Japan Select ESG Screened Index
Xtrackers MSCI USA ESG Screened UCITS ETF	MSCI USA Select ESG Screened Index
Xtrackers MSCI Emerging Markets ESG Screened UCITS ETF	MSCI EM Select ESG Screened Index
Xtrackers MSCI AC World ESG Screened UCITS ETF	MSCI ACWI Select ESG Screened Index
Xtrackers MSCI Europe Consumer Discretionary ESG Screened UCITS ETF	MSCI Europe Consumer Discretionary ESG Screened 20-35 Select Index

The Company notified shareholders of Xtrackers Artificial Intelligence and Big Data UCITS ETF and Xtrackers Future Mobility UCITS ETF on 14 June 2023 about changes to the Reference Index of each Fund, effective as of 21 July 2023 (the "Effective Date"). From the Effective Date, the Thematic Data Provider for each Reference Index will change from Yewno Inc. to Nasdaq Inc. (the Index Administrator of the Funds) and the names of each Reference Index will change as set out below:

Fund	Old Reference Index Name	New Reference Index Name
Xtrackers Artificial Intelligence and Big Data UCITS ETF	Nasdaq Yewno Global Artificial Intelligence and Big Data Index	Nasdaq Global Artificial Intelligence and Big Data Index
Xtrackers Future Mobility UCITS ETF	Nasdaq Yewno Global Future Mobility Index	Nasdaq Global Future Mobility Index

The Company notified German shareholders of Xtrackers MSCI GCC Select Swap UCITS ETF and Xtrackers MSCI USA ESG UCITS ETF on 15 June 2023 that due to changes in the German Tax Investment Act ("Investmentsteuergesetz" / "InvStG") the equity participation targets in the Funds' Supplements will be amended from the Current Target Thresholds to the New Target Thresholds as listed in the table below, with effect from 15 June 2023.

Fund	Current Target Threshold	New Target Threshold
Xtrackers MSCI GCC Select Swap UCITS ETF	80%	70%
Xtrackers MSCI USA ESG UCITS ETF	90%	75%

## XTRACKERS (IE) PLC

### Notes to the Financial Statements for the financial period ended 30 June 2023 cont/d

#### 12. Significant events during the financial period cont/d

The following share classes launched during the financial period:

Fund	Share Class / ISIN	Launch Date
Xtrackers ESG USD High Yield Corporate Bond UCITS ETF	2C – GBP Hedged / IE000WHO5BF2	24 January 2023
Xtrackers S&P 500 Equal Weight UCITS ETF	2D / IE000CXLGK86	8 March 2023
Xtrackers USD Corporate Bond UCITS ETF	5D - GBP Hedged / IE00BG04LY46	12 May 2023
Xtrackers S&P 500 Equal Weight ESG UCITS ETF	2C - EUR Hedged / IE000IDLWOL4	17 May 2023

The conflict between Russia and Ukraine marked a dramatic turning point in Europe, which, among other things, is impacting on Europe's security architecture and energy policies in the long term and has caused considerable volatility. This volatility is likely to continue. However, the specific or possible medium-to-long-term effects of the crisis on the economy, individual markets and sectors, as well as the social implications, cannot be conclusively assessed due to the uncertainty at the time of preparing this report. The Management Company is therefore continuing its efforts, within the framework of its risk management strategy, to assess these uncertainties and their possible impact on the activities, liquidity and performance of the respective fund. The Management Company is taking all measures deemed appropriate to protect investor interests to the greatest possible extent.

There were no other significant events during the financial period.

<sup>9</sup> This Share Class was launched on 31 January 2023.

<sup>10</sup> This Share Class was launched on 12 April 2023.

The TER percentage is presented in the Share Class' currency.

## XTRACKERS (IE) PLC

### Supplemental Data cont/d

#### C. Total expense ratio cont/d

The TER expresses the sum of all fees and incidental costs charged on an ongoing basis to the collective investment scheme's assets (operating expenses) taken retrospectively as a percentage of the net assets, and is in principle calculated as follows according to the Swiss Asset Management Association (AMAS) Guidelines on the calculation and disclosure of the Total Expense Ratio (TER) of collective investment schemes from 16 May 2008 (dated 5 August 2021):

$$\text{TER \%} = \frac{\text{Total operating expenses in CU}^*}{\text{Average net assets in CU}^*} \times 100$$

\* CU = currency units in the accounting currency of the collective investment scheme

<sup>1</sup> This Share Class was terminated on 22 March 2023.

<sup>2</sup> The Fund does not track an index.

<sup>3</sup> For FX hedged share classes: Tracking Difference is defined as the difference between the return of the unhedged share class of this Fund and the unhedged benchmark index. Tracking Error is defined as the volatility of the difference between the return of the unhedged share class of this Fund and the unhedged benchmark index.

<sup>4</sup> This Share Class was launched on 8 March 2023.

<sup>5</sup> This Share Class was launched on 12 May 2023.

## XTRACKERS (IE) PLC

### Supplemental Data cont/d

#### D. Fund Performance cont/d

<sup>6</sup> The Tracking Error in 2022 for this Share Class is higher than the anticipated level of Tracking Error, as a result of different pricing valuation levels applied to Russian securities included in the Reference Index of the Sub-Fund by the Index Administrator and by the Sub-Fund following the Russia-Ukraine conflict.

<sup>7</sup> This Share Class was launched on 24 January 2023.

<sup>8</sup> This Share Class was launched on 17 May 2023.

<sup>9</sup> This Share Class was launched on 18 January 2023.

<sup>10</sup> This Share Class was launched on 25 January 2023.

<sup>11</sup> This Share Class was launched on 31 January 2023.

<sup>12</sup> This Share Class was launched on 12 April 2023.

All information is updated as of 30 June 2023, unless otherwise specified.

### E. Interim Report Disclosures

Securities Financing Transactions Regulation (Regulation (EU) 2015/2365) (“SFTR”) came into force on 12 January 2016 and, amongst other requirements, introduces new disclosure requirements in the Fund's annual and half-yearly reports published after 13 January 2017 detailing the Fund's use of securities financing transactions and total return swaps. As a result, additional disclosures have been included in the appendix to the interim report.

#### Securities Financing Transactions

Article 13 of Regulation (EU) 2015/2365 on transparency of securities financing transactions (SFTs) and of reuse and amending Regulation (EU) No 648/2012, requires UCITS investment companies to provide the following information on the use made of SFTs and total return swaps (TRSs)
